~~CONFIDENTIAL - ATTORNEY WORK PRODUCT~~

as we all know solar energy is our long term path to a sustainable future, there are no other options. The utilities are waging a war on solar with special discriminatory rates determined outside the proper venue, this needs to be discussed using established procedures; rate cases. All the while the important states like California & Hawaii are increasing the RPS, and have strong government support for solar - with the resulting increase in jobs and cleaner environment, as well as showing sustainable leadership. Sadly Arizona looks to the rest of the nation as the most unfriendly state for solar. This will impact jobs and new business development. Time to put the utilities on a leash and get them in line with the interests of the people. Change is hard, yet it is inevitable, time to embrace change and support solar.

Dear Commissioner Forese,

I purchased solar for two reasons: to save money and help the environment. Raising my rates outside of established procedures is against the American way, and is contrary to the idea of conservation in the first place.

I am opposed to an illegal rate hike, and you should be too.

Sincerely,

Skip Haven

**Subject:** Trico: Docket No. E-01461A-15-0057 ~~SCORDATO E-01461A-15-0057 FRO. 15-02-18-15-0057-01555A 15-0100 GNS.~~

Dear Commissioner Forese,

You have been elected to protect the residents of Arizona from unfair fees and taxes levied on us by companies such as APS. Please keep this in mind when deliberating on unnecessary (unwarranted, unjust) solar fees. No decision should be made until APS submits for it's 2016 Rate Hearing Case. At that time it will be appropriate for ACC to consider if, in fact, any changes to the current solar fee is necessary.

This bits and pieces approach to taxing solar customers is unfair and without basis.

I respectfully request that the commissioners postpone any solar based decisions until the 2016 rate hearing.

Please remember you have been elected by the people as our voice of reason and protection,.

Sincerely,

Howard E Jones  
hj82bj@cox.net

Sincerely,

Howard E Jones

Dear Commissioner Forese,

Attention to elected ACC members. I have two properties with solar engergy. I was promised at the time that I was 'Grandfathered in' in references to pay rate hikes etc. Then you changed that and I have 10 years only. Please dont go back on your word again. I am paying attention on who votes what and I will vote accordingly in the next election.

Respectfully  
carolyn knowlton

Dear Commissioner Forese,

Dear Corporate Commission,

I had solar panels installed on my home in December of 2013. My reasoning was two-fold. First, I wanted to save money and second, I was being the the good citizen and helping the environment. I have recently been hearing of rate increases for solar customers which concerns me greatly. My savings are not as great as hoped and any rate increase will eat those savings up. I am writing to implore you to help us solar customers to NOT levy charges on solar customers outside of established procedures and NOT allow utilities to get special treatment to raise rates for solar. You, The Commission, should stick to your word and not let utilities raise rates outside of the proper venue.

Sincerely,

Adam Gragnano

Dear Commissioner Forese,

I don't know why you can't accept SOLAR! It's free, clean, and most practical way to energize this world!

Why do we need to go down this road again...The road to a massive loss for everyone!

Please vote YES to keep solar power within the reach of every American citizen.

Sincerely,

Nicholas Acciardo

Dear Commissioner Forese,

Arizona should be promoting solar in every reasonable way possible. Raising utility fees/rates for solar works against this. Please stick to your word and do not let utilities raise rates outside of the proper venue. The process needs to be fair and in favor off the common good, not for the benefit of the utility companies.

Sincerely,

David Delatorre

Trico: Docket No. E-01461A-15-0057 ~~SSVC-E-01575A-15-0227 RPS-15-0210 TRF-E-01555A-15-0100 UNS.~~

Please do not allow utility companies to charge solar users for anything more than the power they have actually consumed.
